

Il Était Une Foix 2022

Sebastian Vicente helms the purposeful Domaine de Fondrèche, which was founded in 1991. Located in Mont Ventoux, an area famous for the Tour de France, Sebastian continues the estate's laser focus on preserving the vineyards and land that they own. Their goal has always been to minimize their impact to the environment, and they do so with zero use of herbicides, and an emphasis on using green fertilizers like various plants.

Vineyards

Grown on the heart of the Fondrèche Plateau, an area with old alluvial limestone and a clay/sandy texture. Grenache is from 80+ yr old vines
