VINEYARDS
The Richoux estate includes 20 hectares sitting with South, West, and Eastern exposure. Vines age 30-35 years for their Irancy bottling, with moderately steep slopes. Soils are similar to Chablis, which is only 15 min away; predominantly Kimmeridgian with some clay and other limestone.

WINEMAKING
Low yields are achieved through organic and biodynamic methods, with no irrigation; only 9hl/ha. Vines are hand-harvested in fall. Grapes are 100% destemmed before a three-day cold soak. A 2-3 week fermentation started with native yeast in stainless steel occurs before elevage of 26 months. Two months in stainless steel, followed by 24 months in 300L tuns.

TASTING NOTES
Brilliantly complex with rich red fruits and a touch of texture, pulled together with a racy, long finish.

PAIRINGS
Roasted white meats, braises, classic red sauce dishes.
